

Budget Checks

What happens during the budget check?

What is a Commodity Code?

How do I find the commodity codes?

When do I need to supply a Commodity Code?

If this is a brand new vendor that we have never used before which form should we use to place the order?

bold

How do we provide the vendor's W9 to Purchasing? Do we attach it?

For speakers, how do we provide the birthday and SS numbers?

Which form should I use if I have speakers that come and want to give them a check when they are done?

Roles

Can Shoppers build their cart and give it to the requestor?

Is everyone with a CSU ID a shopper?

Does the shopper get an email that their cart has been processed by the Requester and is now in the workflow for approval?

Can a Shopper edit the original requisition?

Can a Requestor also shop?

What is the difference between the Shopper and Requestor roles?

If I am a Requestor, do I have to assign my cart to another Requester?

What if a person's role needs to change? How can this be done?

As a Requester or Approver, how will I be notified that I have actions to complete?

Are the chart fields (account codes) validated to see if there is an incorrect combination?
